Customer Reviews

Nice companion book with Bar Exam. This includes 4 of the journal topics mentioned in Bar Exam Journal, but it goes into greater detail about other things like affirmations and some other performance psychology concepts.

As someone with some understanding of psychology and the mind, this seems pretty hokey and like bull doody written by people who don't know what they are talking about. Spend time studying, not reading this.

Great to use with Bar Exam Mind.

great I used it often I really like it. TI buy it is based on good reputation, it didn't let me down after use.his product logistics is very fast, I am very satisfied with it, the price is cheap, quality is very good for anyone. I was really surprised at the productt, brilliant good quality and good product nothing but good things to say about this case.
