Book 4 of The Colder Case Series

Synopsis

Little Joan Kuleba was the next little girl to suffer at the hand of a possible serial killer. Here it is, the entire record on appeal. This is the fourth book in The Colder Case Series, colder because little girls are murdered and colder because if the wrong person is sentenced to death the real killer is left free. Based on the record before you and given what we know today about wrongful convictions, what if you were on the jury? Guilty or not guilty?

Customer Reviews

Excellent read. I am not convinced Samuel Elmore was the perpetrator of that crime against Joan Kuleba. And I do not think he was given a fair trial. I would like to see another DA Submit this case
