Customer Reviews

I will be honest. I am always a little skeptical when someone famous writes a book. Just because someone is famous does not mean they are a good writer. By the way, Jeff Yalden is all over the internet and known as the #1 Teen Motivator in America. But I was blown away by this book. It is not only very well-written, it is chock full of real life inspirational stories that support the material, easy to implement ideas, and real motivation for you to live the best version of your life. Now, to be fair, I received an advanced reader copy of the book, but this is my honest opinion and review. Trust me, I would not spend my precious time making a video for a book that was just mediocre. So, you just have to ask yourself one question: Are you ready for your life to go BOOM?????

"Before you can have success, you must first define success". "Nothing changes if nothing changes". BOOM! Helped me see that taking responsibility, then taking control, and foreseeing the positive result were the fundamental keys to my BOOM! results. Wherever you are in your life or in your business situation, BOOM! can help you identify a new trajectory to the results you desire.

BOOM by Jeff Yalden is a manifesto of self-love and moving forward towards your dreams with a plan. Along the way, he shares his successes as well as his stumbling blocks and how he kept going. My favorite quote from the book was: "When things aren't right in your life, the first place you should go is to look in the mirror. Learn to ask better questions. You want to ask the right questions, causing you to place responsibility on yourself and reflect on how you can make any situation better." This book is filled with actionable tips and to-do points to get anyone moving towards their goals. It's time to make a BOOM.

This little book is a motivational, inspirational addition to any personal library or classroom. Short enough to read in one sitting, meaningful enough to get you thinking, and helpful enough to help you find the BOOM in your own life. To Be of One Mindset is to acknowledge the positives in your

life; the BOOM can be something as small as smiling at someone new in the hallway or as big as taking the first step on the road to making a significant, positive change in your life. This book, BOOM, provides every reader with a win/win experience; readers cannot help but celebrate Jeff Yalden's life victories as well as gain insight into changing their own lives for the better. Jeff is a motivator. If you want to get the "Boom" in your life I recommend you buy Jeff's book. He is vulnerable, which I appreciate, and to the point, which I appreciate. This is an inspiring book. As you read it you will feel you have a cheerleader encouraging you on. A great read especially for kids and teenagers with a great and well written introduction into the concepts of taking control - owning it, the law of attraction etc. Jeff is engaging and fun! You can't go wrong with BOOM!

I am enraptured by Jeff's directness, clarity, and authenticity. Telling his life's story took tremendous courage and this level of honesty has made him the success that he is today. I love his reference to Always Be Learning - this is such an important aspect of Life. The ABCs of Life - Always Be Curious - whether you are a teen, in your midlife or over 60. When we stop learning we stop growing and then it is time to pack it in. A good read for wherever you are in your Life's journey.

BOOM! Just one simple word that packs a lot of punch! Use the word and feel the effects! I received an advanced copy of this book and I read it in one day! I could not put it down. I highly recommend this book. It gives you easy to understand ways to Be Of One Mind and Motivate you to reach your individual goals.

BOOM! hit the mark on so many levels! I was a public school educator for 25 years, and recently started a new career in mortgage consulting. I'll recommend BOOM! to all of my friends working with young people as a tool for goal setting, inspiration, and taking responsibility in life. Be a VICTOR, not a VICTIM! Jeff's story and vulnerability in sharing his own struggles are a testament to us all that the BOOM! effect is REAL and proves that we can all BE OF ONE MIND and overcome anything if we believe we can.
