Love Sex 3

Synopsis

Embracing, knotted and bent together, the lovers men and women are performing, as if on a cosmic plane, the choreography of love. Sex is a celebration that literally tears us from daily reality and throws us into the symbolic universe of invisible powers. This may explain why such images of naked bodies making love always compel us to stop in fascination. Not only do they activate hormones like a supernova inside of us, but they also show us something practical, wonderfully simple and strong: the mystery of universal power and lust reduced to the scale of human kind.⁹⁵ duo-tone photographs, texts German, English, French.

this is rubbish one thing I can't stand is being ripped off same ugly models from love sex 2 . This should be pulped, on your bike Gordon Denman

When it comes to photographing the human sexual experience (and all its varieties), there may be photographers that are technically better than Gordon Denman. But few, if any, are his equal when it comes to capturing the electricity, the passion, and even the bravado of the sexual act. His work is astounding in its ability to capture a single, epic moment that transcends the act itself. His images seem larger than life. His subject's are rarely professionals (porn actors) and are typically friends, friends-of-friends, or some other sort of acquaintance or collaborator. But the essence is that he works with 'real' people expressing 'real' feelings. The passion is authentic, the penetration is

personal, the end result is typically glorious. In this third installment of the LOVE SEX series, Gordon Denman showcases his work with new couples (both heterosexual and lesbian). Powerful images of fellatio, cunnilingus, fornication, and sexual fun are the result. It's passionate, in-your-face, and ultimately ... overpoweringly authentic. LOVE SEX is a masterpiece.
