My Grandmother Is ... Praying For Me

Synopsis

Are you a grandmother? Or maybe you know a grandmother, are married to one, or fondly remember your own. Whatever category you are in, authors and grandmothers Kathryn March, Pamela Ferriss, and Susan Kelton invite you to join them in becoming actively involved in the lives of grandchildren. The world continues to change, and sometimes it seems that the generation gap has never been larger. But one thing always holds fast: our children and grandchildren need to know and live by the wisdom that God has outlined for them in His Word. Concerned grandparents want their grandchildren to know His Word for themselves, and there is no better way for this to happen than to pray to the Author of all wisdom. Here is a yearlong, day-by-day guide for grandmothers not only to pray for the godly character development of their grandchildren, but also to teach them to apply His Word to their lives. Each day's entry contains: - A verse from Proverbs, the book of wisdom - A prayer specific to the day's verse - An activity helping grandmothers and grandchildren to interact in a practical application of the verse's truth. Use the thoughtful prayers of these three concerned grandmothers to guide you as you pray for your own grandchildren, and take comfort in knowing that praying for your grandchildren's growth is a uniquely Christlike thing to do one that will not fail to bring them nearer to the wisdom of God, Christ himself. While we all want our grandchildren to know that we are praying for them, it is the first priority of *My Grandmother Is . . . Praying for Me* that grandchildren know God and His promise to hear and answer those who call on Him. May He bless your family as you call on Him for your grandchildren.

Like TREASURES OF A GRANDMOTHER'S HEART, this little book is full of wonderful ideas to build character in your grandchildren by relating character-building activities to Bible verses and examples of everyday life. Being able to read them to/with your grands helps both of you remember and implement the lessons. The best part is reading them with your grandchild helps them KNOW and REMEMBER how dear they are to you and to remind them you pray for them daily. This is great information for them later if and when "other things" might not be going so well and they want someone to talk with. BONUS: This book is a terrific gift for your grandmother friends

I thought that this was a book of prayers for me to pray for my grandchildren, It is actually only usable if you see your grandchildren every day (or frequently) and have personal interaction with them. These are lessons and activities that the two of you can share. It is an excellent book for what it is.

This is a wonderful book. I love the prayer and activity which accompany the Proverb of the day. It's

a great way to think about and pray for grandchildren every day.

It is a great book. It definitely gives you ideas. Also, it reminded me that to pray for my adult children and spouse and for our grand-children. What a gift they are from God! We are responsible to pray for them and we want them going to heaven with us.

Good only if you are having daily "classes" with your grand kids,

I got this for myself and then turned around and ordered two more for "new Grandmothers" to be. I plan to give them as gifts at the expecting mother's baby shower. I only hope they enjoy the book as well as I have.

"My Grandmother Is Praying for Me" by Kathryn March, Pamela Ferriss and Susan Kelton is a simple way to pray for the character of your grandchild on a daily basis. It not only contains a short prayer but an activity to do with your grandchild each day. I recommend the book to any grandparent who is interested in the well-being of his grandchild(ren).

Made great gift Neat little book
