Money Can't Buy Love: (A Sexy Billionaire Bad Boy Novel)

Synopsis

Sometimes love demands a second chance, but it will never be bought, no matter the amount. Michael Carrington promised himself after losing his wife that he was done with love. No more investing in anything he wasn't capable of walking away from. Sex and high-dollar business deals had become the center of his world. Throw in a touch of danger, and he had all he needed outside of a new assistant. Rainey Foster had finally graduated college, and as a struggling single mom, she just needed someone to give her a chance. She was willing to go all in with the right employer, as long as the buck stopped there. He could have her time, her commitment and her attention, but no one will ever have her heart again. She thought she had things figured out until she comes face to face with the illustrious Michael Carrington. Powerful. Confident. Sexy as Hell. Lust might ignite the flame between them, but love will have its way.

Customer Reviews

Got this as an arc book & reviewing on my own. This book was completely enjoyable! Had a hard time putting it down. You never know what's coming next. Read this book!

I voluntarily read this ARC for my honest review. Michael & Rainey's story had drama, complexity,

lies, misconceptions, danger, intense chemistry, and steamy scenes. Michael is a rich businessman who lost his wife to cancer. He still thinks of her and misses her. He basically uses women for sex and is "kind of" looking for another relationship. He has ties with the mafia. Rainey is his new assistant. She's a divorced mom to a 6 year old boy. He is adorable, funny and brings a warmth & lightness to this otherwise deep story. She is feisty, smart and very protective of her son. I do mean VERY (overly) protective. Michael and Rainey each have huge baggage. Their relationship is built on a very rocky road as a result. They have so many obstacles to work through and resolve before they find solid footing in their relationship. It was heartbreaking at times. I wanted to scream at Rainey hoping that would get through her thick head. She is so full of pride that she blindly makes the wrong decisions. Michael hides all his kindness towards others behind the cold businessman facade. He's got the issue with the mafia he has to resolve. If that weren't enough he has to let his wife go. She's still in his head. I could go on and on but I'd ruin the story. I'm so very happy that I read this story and it was a full length novel that could have easily been split up. Excellent story writing skills, Ali Parker! I highly recommend this book.

For Rainey, jobs are scarce and money is scarcer. There's a darling boy to support, a pile of bills and a mountain of rejection and self-doubt to overcome. And then, persistent and determined, she gets that interview. Oh, my. And then she almost doesn't make it in time. That interview didn't exactly go as planned. And I'm hooked. Rainey is feisty and funny and I want to rescue her. But really, she needs to rescue herself from herself (if you know what I mean). Michael, on the surface, is a complex mix, a cold businessman with a compassionate side he tries to deny--while doing all these kind things for people. And there's that tie to the mafia. And he takes one look at Rainey and it's over. Forget it Michael. You might not think it's over but it's over. And Rainey, working for Michael may be a challenge, considering all those inconvenient yearnings that keep popping up. And why exactly do you think you need to keep Tanner a secret? There's a lot going on in this book. A mix of half-truths, outright lies and misconceptions makes the relationship between Michael and Rainey a rocky road. There were plenty of moments when I felt ambiguous toward both of them. Kudos to Ali Parker for her excellent supporting characters. They gave the book depth and added interest. Thanks for a great read. 4 stars. I received an ARC of this book, and this is my honest and voluntary review.

Review by Christine StokesDing!! Ding!! Ding!! We have a winner!!Freaking loved this story.Ms Parker took me on an emotional roller coaster, edge of your seat, steamy ride and amnot disappointed. Great story line and characters.Michael is a widower, who lost his wife to cancer and still does charity work of the children'scancer foundation. He is in need of an assistant to help with the charity work.Rainey is a single mom raising her son and desperately looking for a job to help pay the bills.She finally finished college and have been going to interviews but nothing panned out untilMichael. Nothing prepared her for the attraction she felt for Michael and the rumors that he and hisbrother is associated with the mob. There are too much trust issues, lies and secrets that needsto be worked out.I am so glued to the story from the first chapter that putting it down was not an option.The chemistry between Michael and Rainey was amazing and sexy.Will they be able to air out their differences? Will they deserve an HEA?I highly recommend that you one click this book.I voluntarily reviewed an Advanced Reader's Copy of this book.

Michael Carrington promised himself after losing his wife that he was done with love. No more investing in anything he wasn't capable of walking away. Sex and high-dollar business deals would become the center of his world. Throw in a touch of danger, and he has all he needs outside of a new assistant. Rainey Foster has finally graduated college, and as a struggling single mom, she just needs someone to give her a chance. She's willing to go all in with the right employer, as long as the buck stops there. He can have her time, her commitment and her attention, but no one will ever have her heart again.
