Customer Reviews

Alan Brown (musical transcription) is a former member of the Scottish National Orchestra. He now works as a freelance musician, with several leading UK orchestras, and as a consultant in music and IT. Alan has had several compositions published, developed a set of music theory CD-Roms, co-written a series of Bass Guitar Examination Handbooks and worked on over 100 further titles.

The song choices are very good and it seems to give complete works and not stop where so many books do. The music is also written very clearly and too many measures aren't squished on a line--however, it's not overly spread apart either. 'Easy to Intermediate' explains the level--it's not an oversimplified 'Beginner' level. I love that the book has a spiral binding. Why don't ALL music books have that??? The only negative is that I couldn't log onto the MP3 pieces that are supposed to be available. However, the book is so good that I didn't delete a point for that.

I completely agree with the 1st reviewer. GREAT book with beautiful pieces. I only had 3 years of lessons, as a child, but have tried to maintain some skills. Many pieces in this book are easy to sight read and others take a bit of practice but it is well worth it. I am thrilled with this purchase and intend to use this book daily.

Great for intermediate players!
