A giant wants to fight an Israelite soldier. When young and small David offers to fight Goliath, the giant laughs! Can David beat the giant? Find out in this Zonderkidz I Can Read! book for early readers.

Bought this for Christmas for my 5 year old son. The first few times through, he struggled a little bit (some of the words are a little advanced for a 5 year old...however, sentence structure and length

are perfect), but after 2-3 times through he reads it to me now at night :) That makes both of us happy. I tell him I'm proud of him, and he gives me a hug and says thanks. It's now our bedtime ritual to start with him reading. Will have to order some more from this company so we'll have more variety. Definitely a plus that it's a Bible story, too - and David and Goliath in particular is his favorite.

I read this with my 4 and 8 year old children at bedtime. The story, along with a few words from "Mom" to show the parallels between David to kids & the Giant to fear, bullies, monsters under the bed, etc., and both of my children were sleeping comfortably, knowing that if one small child could beat up a giant with God's help, then God would take care of them as well. The story was easy to understand, and my eight year old had no problem reading some of the story to his younger brother. A book worth a few coins!

The entire series is a must have library addition for beginning or struggling readers. As a school principal I would recommend the book for K-1st graders. My 3 year old grandson loves this book. His mother is a teacher and he has been reading since he was two. The repeated words and phonics clues throughout are great! I also appreciated the Christian content. The Bible stories are authentic and relevant. These are great faith builders for children and adults. Another great benefit is that the material is multi-cultural. Everyone can see themselves in the bible characters. Happy Reading!!!

Thanks

What a great book this is for children. My two year-old granddaughter wants to hear it over and over many times. It is a good way to teach about the bible starting at a young age. I would. Recommend this book to anyone with toddlers because they love hearing and seeing this story from the bible.

I found this ebook to be wonderfully written and the pictures colorful. My kids loved hearing about David and how he beat the giant. This has always been one of my favorite Bible stories and I'm glad that I bought this for my kids to read about. It was very reasonably priced and great ebook that we will read from time to time to remember how great God is. He took a shepherd boy and made him one of the greatest men in the Bible. I hope your children will enjoy it as much as mine has. God bless!

The beginning of the story in the book is abrupt, like something is missing or the pages are not in sequence. After the first 2 pages the flow of the story is smooth.

This whole series is just great. We have lots of kids bibles at our house but I wanted clear stories with lots of pictures per story and easy to understand basic words for my 3 and 4 year old boys to understand. The pictures are great and I could not be happier. Just what I wanted! And the boys love the, too!
