Patsy Walker, A.K.A. Hellcat! Vol. 1: Hooked On A Feline (Patsy Walker, A.K.A. Hellcat! (2015-2017))

Synopsis

Collects Patsy Walker, A.K.A. Hellcat! (2015) #1-6. Patsy Walker has managed to escape her past, her enemies and Hell itself (literally) – but nothing compares to job hunting in New York City! Between trying to make rent and dodging bullets, she barely has time to deal with her mother's exploitative romance comics about Patsy's past resurfacing, much less how they start to interfere with her work and dating life. As she goes from living a double life to living a triple one, what the Hell is Patsy supposed to do? There'll be burgers, monsters and rent checks; old friends like Howard the Duck and Valkyrie; and a ghost from the past with questionable motives! Comics' most flexible heroine has been a provisional Avenger, a Defender, Satan's daughter-in-law and a dead woman – but she's never been anything like this!

Fantastic! I loved every page, it's funny and adorable and I want more. The art is charming! This is a great comic to begin with since all the characters are introduced seamlessly. Hellcat's "powers include butt-kicking and butt-punching, which she learned on the moon and more!" It's a new favorite comic I'll be following, I'm even tempted to go buy single issues so I can get totally caught up. Fans of Nimona, Ms. Marvel, Squirrel Girl, Moon Girl, or Lumberjanes should definitely pick this up

because they'll love it. I recommend this for anyone looking for a fun comic. My little 4 year old niece told me to stop laughing so much while I read it. I definitely took my time and enjoyed each page. Usually I think it's hard for books or comics to become my favorite, like there is this huge defense to bypass first (admirable writing style, unique storyline, compelling characters, etc) but then there are times when you read something & it easily wins you over. That's definitely the case for Patsy Walker a.k.a. Hellcat, it won me over in seemingly effortless fashion (only other comic that claims the same is Scott Pilgrim).

This is not one of those really heavy books, where folks are miserable and the fate of the world rests on their actions. This is yet another of those slice of life books Marvel seems to love putting their female heroes into. In this volume Patsy gets a new apartment, is issued a new gay best friend by the cliché foundation, and opens a new business. It's all very adorable, the art style is very colorful and relaxing.

I enjoyed the whimsical writing, but I'm not so fond of the manga-style art. It's well done but it jars me out of the story. Nice cast and relationships.

Great comic, excellently written, drawn, and coloured. Very fun, and all-ages appropriate. Looking forward to reading more!

Patsy Walker comics is a favorite of mine. Even before she became a superhero. Not too many redhead superhero left.

Cute little thing and a bit historic, certainly worth the money

Incredible! A.k.a. I should've left this positive review ages ago.

It's pretty good.
