Pages are loose. You set them on a stand. Really wish it was bound in some way so you could tear off each day. My grandson is just never going to use it as a calendar.

I'm used to the tear off page a day calendars. IT will take a while to get adjusted.

Every picture is beautiful, full-color, and crisp. I am car nut, and it's all I can do to be patient one day at a time, and not go through all of them in one sitting. Sits nicely in the included stand.

Perfect gift for any car enthusiast! Pictures are fantastic and bright!

I had no complaints until I went to turn the page this morning. It went from June 16 to July 19. I am missing over an entire month which does not please me whatsoever. I am sure it was not intentional, but I strongly advise when your calendar arrives, you go through it thoroughly and make sure you are not missing a month.

pics are great; excellent variety

Great cars, quality printed.

Hope you will keep this product in the line. I love it.
