Treatise On Law (Hackett Classics)

Synopsis

This new translation of the Treatise on Law offers fidelity to the Latin in a readable new version that will prove useful to students of the natural law tradition in ethics, political theory, and jurisprudence, as well as to students of Western intellectual history.

Customer Reviews

A convenient one-volume translation of the essential texts from the Summa Theologiae on law. Regan's translation is careful, idiomatic, and reliable. With its good Introduction and explanatory notes, this volume should prove to be a popular one among teachers and students of politics and ethics, not to mention those working in medieval philosophy. --Brian Davies, author of *The Thought of Thomas Aquinas*, Oxford, 1992
The best and most convenient English edition of this classic work.
--James B. Murphy, Dartmouth College

Richard J. Regan is Professor of Political Science, Fordham University.

This is, of course, a classic piece in any library dealing with law and political theory. But I would contend that is due more to its historic value than the applicability of its content in political discourse today. First, the translation is phenomenal, and the foreword very well written. But the form of reasoning Aquinas uses seems a bit archaic today. (This is to be expected, given the time in which it was written. The world had not yet adopted the scientific method as the primary means for proving

or disproving theories.) There's a lot of, "This is true because we know it to be true." As I said, not a particularly effective style of communication in today's society. Still, there are some overarching principles and questions raised which are relevant. I always read these types of books with a highlighter in hand, to mark any passages that interest me, and I certainly did some marking here.

The 'Treatise on Law' by Saint Thomas Aquinas is a book for any Natural Law Theorist. A must if such!

A+

Good condition.

The book arrived in a timely manner and in the condition advertised. I would do business with this vendor again.

Good

thank u

John Locke is better
