Disappointing

Ridiculous, biased, and what will blow your mind is the impertinence of the 2 guys who assembled this absurd selection and are trying to get \$8 of your hard earn money when this should be free at best, and not even then you would keep it. After taking a glance at the book, try to guess the nationality of the 2 authors. Chances are you'll get it right.

Great book to see where I'd like to go!

Just wanted some inspiration for travel location. The reason I got it was because it was free. It was cool. Nothing special, glad it was free.

The beaches are spectacular but I would have appreciated an extra view of each beach to get an idea of what the surrounding area is like. The book succeeded in making me wish I was there.

Liked the concise way this is designed with just enough info to warrant interest or not! I would suggest this book as a primer to pick the picking out the perfect beach!

Provides a good idea of possible places to choose from. There are other beautiful beaches that should be added to this book.
