Yes, Roya

Synopsis

An erotic graphic novel created by and for women, *Yes, Roya* is a period piece set in 1963 California. It features a three-way femdom relationship between one woman and two men. Written with humor and humanity, and drawn with effervescent charm, this is a BDSM story that skips the leather-and-chains pageantry often expected of such kinks, and focuses instead on the true bonds between the three partners. *Yes, Roya* has already garnered enthusiastic praise and great reviews, including the greatest compliment a fetish book can receive: "I didn't know I was into this kind of thing, but I am now!"

Customer Reviews

This is the first book in a long time I've read from cover to cover. The story is engaging and relatable. I, personally, relate to Wylie in the end.

S'real good.

Great story and art. One bit even almost pulled a tear out of my eye! Characters were believable and well-written. The conflict was good and had fairly satisfying resolutions. Overall a great read and worth WAY more than the listing price.

This is a real dang good book.
