Age Range: 3 - 5 years

Grade Level: Preschool - Kindergarten

Customer Reviews

This was a perfect little Bible to begin teaching my 2 year old with. The flaps were a continuation of the story line, and my child looked forward in anticipation to see the resolution to the story. To spare anyone the trouble of not knowing what stories are included, I'm providing a list. I looked high and low for a fun children's Bible that included the stories that I wished for, but was always at a loss when attempting to purchase. It was always frustrating not knowing what I'm going to be getting. The Creation Noah's Ark Red Sea David and Goliath Jonah Baby Jesus Birth Paralyzed man coming to Jesus through Roof The feeding of the 5000 The Good Shepherd looking for His lost sheep The calming of the storm The Wise and Foolish Builder Walking on top of water The Resurrection from the

tomb Jesus meeting his disciples at the shore Hopefully that helps you in your search. It is a perfect, unique, engaging Children's Bible. ENJOY!!

Cute book, good introduction to the basic bible stories. The stories included are: the garden of Eden, Noah's ark, Moses parting the Red Sea, David and Goliath, Jonah and the fish (it only says fish, not whale- huh), the birth of Jesus, the lame man who was lowered thru the roof to Jesus, the miracle of the loaves and the fish, the good Shepherd (Luke 15), the disciples and the storm quieted by Jesus (Mark 4), the parable of the builders (Matthew 7), Jesus walks on water, the resurrection, and Jesus fills the nets with fish (Matthew 28). I appreciate that each little story includes the original scripture reference, so you know where to read the entire story in the Bible. There are lots of flaps to open- not all are relevant to the story, but some are, like giant Goliath falling down! Overall, a satisfying purchase and a good way to start introducing Bible stories to my toddler.

I'm extremely picky with children's Bible-books, and while this one does not meet all my dream-list criteria, it comes close and is the only Bible-book for Toddlers that I found appropriate for my 1 year old. He enjoys the flaps and asks to read the creation and flood story in particular over and over again. The writing is particularly excellent--the descriptions are concise, but rich, and focus on themes appropriate for the age group (eg: the flood story is called "A New Beginning" rather than focusing on the extremely destructive and tragic side of the story--at the same time, it isn't too sugar coated or warped). Some of the story concepts in the new testament are not really understandable to my son yet; he can't understand that Jesus is helping a cripple person walk, for example. But I think 2 year olds and up would understand it well. I accidentally ordered two of these, but I kept the second to give as a gift, and for such a wonderful price, you might be able to do the same.

Love the workmanship of this book. The flaps are super thick and most of them have emerged unscathed (unbent) even though my 13-month-old plays with this book all the time. I like all the stories, the plethora of animals (LO loves animals) and that it goes all the way through the Bible stories. All the stories and their foci are biblical. Just a couple tips if you want to make sure this Bible is accurate: theologically, I would like to have some mention of sin and people doing wrong things, and why Jesus came. However, it doesn't do what some other kids' bible books do, and make every story "about" the toddler, which is not the original intent. I really like that.

BEST! got my toddler this to start talking to him about God and he loves it. Ask to read it to him

every night. Now that we have read it several times he now opens up the pages and remember the stories. its beautiful

I bought this book for my granddaughter when she was 3 1/2 and she loved it. The pictures are in bright colors and the story is easy to follow. She loved identifying the animals and lifting the flaps to see what was behind them. The book and flaps are still in good condition almost two years later. I now have another granddaughter who is almost two who will also enjoy this book.

I got the board book, it has the same number of pages as the hardcover version and contains the same stories that other reviewers have listed for the hardcover. The stories are all very short and simplified, which is perfect for the age group I'm gifting this to. The artworks is beautiful. The flaps usually show before and after scenes, like David confronting Goliath and then under the flap Goliath defeated or a bird with a nest of eggs and under the flap they have hatched. It's really a lovely book and a great way to get small children acquainted with the Bible.

It's hard for me to buy children's books online because I like to see the quality and illustrations first hand but I didn't have time to go to a book store. This is cute and durable! Each page is about a different bible story with eye catching illustrations. This is for a baptism gift and the baby is only 3 months old so I'm not sure yet on how well she will like the book but I think this is on par with other children's lift the flap books I've bought that have been loved!
