Customer Reviews

Ms. Moomaw demystifies the magic of music by masterfully weaving together simple, high-interest songs and inexpensive, easy-to-make musical instruments. More Than Singing embodies a wholistic learning approach integrating songs with literacy, math, motor and cognitive skills...a wonderful complimentary to Moomaw and Hieronymus' books More Than Counting and More Than Magnets. -- Cindy Schneider, M.S.W., Program Coordinator/Parent Educator
Sally Moomaw knows music, children, and teachers. She provides enough ideas to keep teachers and children learning and creating for years. More Than Singing is a significant contribution to early childhood education's professional literature. I recommend it highly to students, teachers, parents, and as a curriculum course text. -- Anne G. Dorsey, Professor of Education, University of Cincinnati

Sally Moomaw is professional development coordinator and adjunct instructor at the Arlitt Child and Family Research and Education Center at the University of Cincinnati. She is also the co-author of

the "More Than...Series" and Lessons from Turtle Island: Native Curriculum in Early Childhood Classrooms.
