Customer Reviews

"Meticulously researched and smartly written, Foghorn Outdoors offers some of the best recreation guides around. The books provide exceptionally reliable information on each location and activity, while emphasizing sensible, low-impact enjoyment of the outdoors."

The book is a great guide for people new to New Hampshire looking for a few good hikes on their vacation. It helpfully categorizes each hike by length difficulty, and location of the trail-head. Also very useful were the "top ten" lists of best hikes for kids, best day hikes, best etc. If a new edition ever comes out I hope the author will add GPS coordinates for each trail-head, as some of them can

be difficult to locate.

Perfect guide for the more popular trails. It rates both the difficulty and the scenic quality/reward for each trail. You can view the key map to find hikes in particular area. It has chapters for best hike for kids, best hikes to lakes, best 4000 footers, best day hikes, etc. as well as listing them by the north or south region of NH. Has all the info you need for parking, fees, usage, directions, etc. Very comprehensive and easy to use.

needs updating

Can't wait to get to NH to really check out some of these hikes. Book is very easy to read and gives good insights to the different trails.

The writer really knows what he's talking about and has some great practical advice. The book's layout made it easy for me to arrange hiking trips with my friends, since it tells me the difficulty of each hiking trail. Very informative and invaluable.
