Star Wars Instrumental Solos (Movies I-VI): Clarinet, Book & CD

Synopsis

For the first time, Star Wars(R) A Musical Journey (Music from Episodes I-VI): Instrumental Solos includes selections from all six Star Wars(R) movies arranged for Flute, Clarinet, Alto Sax, Tenor Sax, Trumpet, Horn in F, Trombone, Piano Accompaniment, Violin, Viola and Cello. The arrangements are completely compatible with each other and can be played together or as solos. Due to level considerations regarding keys and instrument ranges, the wind instrument arrangements are not compatible with the string instrument arrangements in this series. Each book contains a carefully edited part that is appropriate for the Level 2--3 player and a fully orchestrated accompaniment CD. Each song on the CD includes a demo track, which features a live instrumental performance, followed by the play-along track itself. Also included is 4-color art as well as black and white art from the movies. Titles: Episodes I -- VI 1. Star Wars (Main Theme) Episode I: The Phantom Menace 2. Jar Jar's Introduction 3. Augie's Great Municipal Band 4. Qui-Gon's Funeral 5. Duel of the Fates 6. Anakin's Theme 7. The Flag Parade Episode II: Attack of the Clones 8. Across the Stars 9. The Arena 10. The Meadow Picnic Episode III: Revenge of the Sith 11. Battle of the Heroes Episode IV: A New Hope 12. Cantina Band 13. The Throne Room Episode V: The Empire Strikes Back 14. The Imperial March 15. Purchased for my horn playing daughter. She loves it and it encourages her to practice more often

because she loves playing the songs. For a person who has played just 3 years, some of the songs are a little bit tough, but there are plenty of other songs that are easy to play.

A great way to get back into playing my clarinet. Finally, I can play the music I always wanted to. Exceptionally adapted to the clarinet. Personal Favorites is Across the Stars (Love Theme for Anakin and Padme) and of course the Imperial March (Vader's Theme). Book is not really for beginners, but this could easily be used as an incentive for a younger student to get playing. The CD is good quality and will heighten the experience to play with a "orchestra",

My son plays the saxophone and was wanting something different to play besides what he does in school. Being a huge Star Wars fan, he really wanted this music. I was worried that it might be too difficult, but he has loved the challenge. The CD is very helpful for him. I have heard him in his room practicing a song, stopping to listen to the CD, and then saying, "Oh, that's how it goes!" We know what the song sounds like, but not necessarily how the saxophone will sound. He is learning to play one of the songs now as a solo piece for honor band try outs.

We were excited to get this book for my son who is a beginner sax player. Liked the CD idea but the music scores are slightly too challenging for a beginner to play. He can attempt 2 songs out of the entire book. Hopefully he'll get better w/ more practice but it's frustrating.

My grandson has started playing the French horn and he loves playing this music. It gets him to practice more.

I really like this book. I recently got back into playing the saxophone and this was one of the first music purchases I bought for it. The music is overall pretty simple. It comes with 16 songs, as it has listed. The great bonus for me is the CD that comes along with the book. The CD has 33 tracks on it...a warm-up track to start with, and then 2 tracks for each song. The first track of each song is an orchestra playing and you can play along with them. The second track is that same orchestra, only without any saxophone. Essentially you become the saxophonist in the orchestra. The big plus for me was learning some songs from a major movie that pretty much everyone has seen. When I play these songs (with or without the CD), it's fun to actually have the person listening to me go, "Oh! I know that song!". Definitely recommend.

My 11 year old daughter has been playing the saxophone for almost two (2) years. Her dad already as Star Wars fan turned her into one with the new movie release. She was able to pick up from day one and play a couple of songs and of course some of the songs are a little advanced for her right now but she still loves it! By the time the next movie releases I am sure she will have the songs mastered!
