Customer Reviews

Here is another installment of the "Brothers with money series"! This book captures the love story of Chloe a veterinarian and Jack a Billionaire who is a successful sheep farm owner from Australia

seeking greener pastures for his "Merino Wool" in America. Through a series of mishaps, missteps, and the meddling of a former boyfriend, Chloe and Jack recognize and admit that they have fallen in love with each other and seek out to forge a life together. To be sure there is so much more chocked inside the pages of this book by Shanade White that I would have to almost write a book to give it all to you. So the only way you are going to be truly satisfied is to read the story for yourself and learn all of the juicy and not so juicy things that go on in this couples' and the rest of the residents' lives in Coldwater Canyon. This is a great read and I recommend it to all who are either romance fans or fans of Ms. White's writings. I enjoyed this book and know you will too.

OOOOMMMGGGGGosh!!!! I don't just give 5 stars to just anyone... Not many books carry a storyline from one story to the next. If I could say anything about this particular book... I would say... Start with the first book of the series "Brothers From Money." I received a free ARC COPY of this book and I am without a doubt voluntarily leaving a review. When I received this copy I had to stop and realized that I hadn't caught up with the series. And so before I even got good into the first chapter I went through my KU account and read up to the new book... Believe me I will be going back to the beginning and refresh my memory and follow the Terrell's and the Montgomery's.... I am a true fan of Shanade White's and I am eagerly awaiting to see what's next there's two more coming...

So I made the mistake of not reading in order. But now I want to read the whole series!!! Chile is a little bit but she is strong. I admire her foenher strength. Jack is a dreamboat. So romantic. But their chemistry was powerful. A real page turner. I read this book I'm a few hours. I can't wait to read the others.

Chloe and Jack had a difficult start to their relationship. With interference and trust issues it was not all that easy. But I enjoyed reading about all the changes that occurred and the relationship progression. I love this series and the characters and storyline are interesting.

I like the story of Jack and Chloe each one has their issues but I like the way Chloe handle Jack she didn't put up with his nonsense. And like how Chile was caring towards Jack's son what a nice read.

Every book in the Brothers From Money series has been great. Chole and Jack's story is no exception. I enjoyed reading this story and I was glad that Chole and Jack found each other.

Chloe and Jack have both been hurt by past relationships. After a rocky start, they gradually learn to love and trust each other in spite of outside interferences. Loved visiting Coldwater Canyon as always. Great read.
