HARD (Biker MC Romance Book 1)

Synopsis

Peyton Price - Given an assignment to write an article on an outlaw motorcycle club, what award-winning journalist would say no? Not me. I had a weakness for bad-boys, tattoos, and men on motorcycles. But Nick Navarro wasn't a typical biker. He wasn't even a typical outlaw. Nick Navarro - As president of the Filthy Fuckers MC, I was offered an opportunity to be interviewed by a local journalist. I didn't accept for the notoriety or the publicity. I agreed to do it in hope of getting a shot at the 27 year-old pussy between the journalist's legs. She had plans to get in and get out, and do so quick. But once I lay claim to something, it's mine. Until I decide otherwise. HARD is a stand-alone MC Romance with no cheating, no sex outside the relationship, and no cliff hanger. It has an HEA, and although it is book I of a series, no other book is required to tell this tale. ~ ~ ~ ~ ~

A young woman, and a biker, the story is already written isn't it? No not really, how does a young journalist, not afraid to take chances turn into a struggle to survive. Peyton's crave for adventure sends her into the life of Nick, Prez of the FPMC. Sent to write a series of articles she gets more

than she expects. While gathering info she gets caught in the crossfire of another MC, now she must struggle to get over her encounter and Nick struggles for with fact he's never cared for a woman like this before. Bad ass bikers ,hot sex and don' t forget Pee Bee, Nick' s MC brother, who's pretty handy with a knife. Everything you want in a bad ass book.

Peyton a journalist is assigned to write an article on the Filthy Fuckers MC Club. Peyton who has a adventurous side is intrigued deciding to make it her mission to find out every deep dark detail of the of the club starting with the President Nick Navarro.Scott has a way of writing characters that are instantly relatable while weaving in sensitive topics like this one. Nick is a hard no nonsense biker faced with the adventurous Peyton who seems to intrigue him the more times they spend together. There is always one secondary character that just shines bright in all his books and in this story we meet Pee Bee Nick's Sargeant in Arms and best friend. Pee Bee, Pretty Boy or Peanut Butter as he refers to himself just make the whole story more interesting with his wit and charm. From his "give it to her on some squishy" to his greetings of "what's shaken motherf*ckers" I couldn't help, but fall in love with him!A great start to a new series cannot wait to read more of Nick, Peyton and Pee Bee.Reviewed by Tracey

I started this book and was like okay another MC Book but i will give it the benefit and keep reading. Chapter 2 and i was hooked. I mean out of everything and every MC book i have read this was the most well written and thought out book i have read. I mean the Tear your heart out throw it on the floor stomp on it and then have it picked back up and put back in your chest story was mind blowing. it makes you think really think about that old saying don't judge a book by its cover and Navarro proves that point. Take a Big Bad Biker that lives and Breathes for his MC club and follows the code till his last breath. Then to have Peyton a smart mouth stand her ground women that gives it right back at him as good as he gives it to her stomp her way right into his life and makes him see and feel that a zebra can change his stripes and in Navarro case yes he can. this is by far 2016 best read of the summer.

I'm simply breathless. Best book I've read in a while. Not for the faint of heart. It's violent, tough, heart wrenchng, tender, foul-mouthed (what would you expect from a motorcycle club), romantic and, dare I say, erotic. It packs a punch. But I simply loved the characters and the story telling. Wow. Oh Wow. Oh Wowie. There are many other reviews if you want spoilers. I'm not going to do that. But for the open minded reader who knows good story telling when he/she reads it, I highly

recommend "Hard".

Well not many lol but apparently I need 20, so I shall dig as deep as you did yet again. Each book you write has such depth. As you know every day on my Facebook page I'm constantly posting about peace, equality, basic human rights, freedom, sexuality and personal growth. Hoping one day the world will see peace and reason. As I sit here now over doing my 20 words lol... I reflect on depth yet again, what a ride this book is, it takes, everything and rolls it around, then leaves you raw at the end. I grieve for this world and what humans do to one another and you seem to have captured every part of that in this book.... All hail the ziplock bag!!!! *crying my ass off* lol Lies!... Xx

I should know by this point not to expect the expected from Scott Hildreth . . . but he has done it once again with the story of Nick and Peyton. HARD is a word that can describe so many things. The loss of a loved one, facing war, moving forward after a life changing event, putting your faith and trust in someone you never expected too . . . Scott addresses them all and more in a way that no one else can. His characters are real. You experience and feel what they do.

It's not just another MC book. It's not just another love story. It's so much more . . . and Peyton is a true adventurer and one hell of a woman . . . and Nick is a bad ass biker and more of a man than most. HARD was a great intro to the FF brotherhood. It's a book you don't want to miss out on!

This book is the beginning of an awesome MC series. I loved these guys so much. Nick Navarro is the president of an MC and book one is his book. He is your typical biker, alpha male badass. He meets Peyton Price a journalist looking for a juicy story about the bad boy of an outlaw motorcycle club. Peyton gets more than she bargained for in more ways than one. There are twists and turns in this book that you will not expect. The way the author handles their age difference was fantastic. This was my first book by Scott Hildreth and I could not put it down. I have to be honest I picked it up because Michael Joseph looked so great on the cover. Then it sat in my Kindle app for a while and when I heard about the author's tragic accident at the airport when he was badly burned I remembered I had this book. I was also intrigued by a male romance author. I have not read many books on erotic romance by men. The ones I have read were good but Scott Hildreth was great. He does an awesome job of getting into the head of the male and female characters and making full well-developed characters. Nick aka Crip and Peyton drew me into the story and the other guys in the club certainly had my blood pumping too. I moved on to the next one in the series quickly. I will

definitely be reading more from this author.
