Breaking Bad: The Official Book

Synopsis

One of the most critically acclaimed series ever produced, *Breaking Bad* (Sony Pictures Television/AMC, 2008–2013) won legions of avid viewers who debated its every nuance as they followed the evolution of terminally ill high-school teacher Walter White as he became the drug kingpin Heisenberg. This one-of-a-kind book—the ultimate official guide to the show—covers the evolution of *Breaking Bad* from the pilot to the final episode and beyond. Adapted and expanded from *Breaking Bad Alchemy*, the interactive e-book for the iPad, it highlights the unique elements that made the series so magnetic. The book is filled with insider secrets about the making of the show and the meanings behind its iconography, as well a complete *Breaking Bad* timeline; in-depth looks at the series' groundbreaking cinematography, music, and special effects; exclusive interviews with creator Vince Gilligan; and new text from noted film critic David Thomson. Bad fans will enjoy the book's updated design, more than 100 new images, and perceptive captions. Renowned critic David Thomson reveals an extensive interview with Vince Gilligan just for this edition, and provides an insightful introduction—arguing that *Breaking Bad* is not only a great show, but one of the most significant works of fiction in the new century. In addition to exploring how this epic series came to be, Thomson sets *Breaking Bad* in the context of both crime literature and long-form television.

Customer Reviews

"If you've been going through withdrawal since *Breaking Bad* ended its TV run in 2013, here's a way to get a quick fix. *Breaking Bad: The*

Official Book (Sterling, \$19.95) is the ultimate fans' guide featuring a complete episode breakdown, hundreds of photos from the series and on the set, an extensive interview with showrunner Vince Gilligan, trivia (the Bad Chemistry Quiz offers posers like "How many bodies have we seen dissolved in acid on screen?") and more.

The book, edited by film critic David Thomson, is broken down into seven chapters, starting with "Elements Timeline," which summarizes all five seasons of the show. "Breaking Down Breaking Bad" takes a more analytic look at the series, including some of the show's influences, such as Brian De Palma's "Scarface." And "Crystal Clear" is a visual treat that spotlights the show's striking cinematography.

There are also interviews with producers, a listing of the show's awards and nominations, interviews with the people who made all that "Bad" music and many more Eureka moments.

David Thomson is an acclaimed author and film historian who has chronicled cinema's biggest celebrities. Considered one of the foremost film writers of our time, Thomson is a sought-after speaker and has been hailed as "the greatest living film critic and historian" by Benjamin Schwarz of the Atlantic. He is the author of The New Biographical Dictionary of Film (Knopf, now in its sixth edition) and Hollywood: A Celebration [DK], among other works. In early 2011, the New Republic named Thomson the columnist for its new online section, "At the Movies." He's also a contributor to the New York Times, Film Comment, Movieline, and Salon.com. Additionally, Thomson taught film studies at Dartmouth College and served on the selection committee for the New York Film Festival. He lives in San Francisco, CA.

Son got it for Xmas and loves it. Lots of pics and all about the series. Sturdy thick paperback. Bound well.

love this book, lots of pics, and good behind the scenes

My husband thinks Breaking Bad is the best tv show ever made and he loved this book. He couldn't put it down.

If you loved the show this is a must have.

perfect condition, thank you

Great behind the scenes look at the TV Series

Very good

got it today hope my son likes it he loves everything breaking bad
