Roger Priddy's passion for educating children through fun, informative and engaging books has led him to create some of publishing's most enduring and successful non-fiction early learning books. Roger lives in London and has three children, who have been the inspiration behind many of his best publishing ideas.

Toddlers enjoyed this book.

I got this along with the other 2 bright baby books I saw on here (colors and first words) for my book loving 18 month old. he absolutely LOVES them! we have other books similar, but they all have several items per page and he seems to really love that each page is only one thing. He focuses right on it and says all the words he knows. :)

grandson loved it

These books are wonderful. We originally got a free copy of the bright baby "animals" book at our pediatrician. After seeing how much our baby loved it (8 months old), I wanted another one. She loves the bright colors and the pages are thick enough that she can get her little fingers between them to turn the pages. For about \$4 a book, I plan on buying more of these books in the future. They are enjoyable and educational.

These bright baby books are perfect for little ones. The colors are so loud and vibrant. I have now bought them all for my son and he loves them. So simple and not over the top like many children's books

I love these books- bought for my baby niece- I've had my daughters since birth and she's 10 now! But the spine did come ripped :(so maybe better packaging?

my daughters favorite book. she's 11 months old and has been super interested in this book for months now. she watches every single page and enjoys it.

Simple. Small. Good price.
