Those Left Behind: Zombie Fallout 10

Synopsis

One fateful decision - that is all it takes to either unravel all the Talbot clan has achieved or fulfill their desire for safety. Many are lost, though others return; this is the story of their struggle to survive and in remembrance of those left behind.

Best Sellers Rank: #95 in Books > Audible Audiobooks > Fiction & Literature > Horror #338 in Books > Audible Audiobooks > Science Fiction #415 in Books > Science Fiction & Fantasy > Science Fiction > Post-Apocalyptic

Customer Reviews

I absolutely love these books and have read the Zombie Fallout and Lycan series twice, they are that good. At first I was upset that this was going to be the final book of the series but it can't be as there are a lot more unanswered questions and new adventures that Mike and his crew are going towards. It is mind boggling how Mark Tufo writes about the end of the world as we know it, with such humor and even heartbreak. You really get to love Mike and all his family and friends as if they were real, he's so funny and such a badass. His sons are no slouches either and BT and Tripp are really great characters too. Please keep writing Mr. Tufo and I'll keep reading !!!

The intrepid Mike Talbot and his adventures continue in this 10th volume by the very funny story-teller Mark Tufo, who knows how to grab his readers and drain them the Vivian Denaux drains her cigarettes of nicotine! Yes, the evil hag is back in this volume, but does a turn about in some ways. Lots of action, lots of questions raised, some folks head for the next world, but our fearless leader and his sidekicks BT, Trip, and Mad Jack each lend a touch of depth to the story telling. Another home run for Tufo--outa da pahk! (As we say in Boston). Bravo! Looking forward to volume

Following the ups (and mostly) downs of Mike Talbot has kept me enthralled from Book 1 through this Book 10 of the ZF series. There is never a dull moment. This book also gives some extra attention to Mike's best friend, BT while also hinting at some mysterious intervening force in all of their lives. Having gotten to know Mike Talbot so thoroughly in this series I can't help but love the guy even with all of his foibles. It's a must to read the complete series from the start in order to follow the references but it's well worth your time. I highly recommend any and all of Mark Tufo's books!

I LOVE reading about John Talbot. The mixture of humor and suspense keeps me on edge and his adventures are off the chain. Mrs. Deneaux is the character I love to hate. She gets no sympathy no matter what happens to her. The story was really moving along. Things were building up to a climax. I turn a few more pages and it was done. I sure hope there's going to be another book to clear up all the unanswered questions . If not, I'm a little disappointed with this book. It feels like the final pages were rushed.

The story for Mike and his friends continues in this tenth entry in the Zombie Fallout series. This time they get an odd ally in Deneaux and come across a new set of enemies. This one had a bit of a Walking Dead feel, whereas the Big Bad are humans this go-round, but there was still plenty of zombie action, and some deaths. This one was paced pretty good, most of the book spent with the gang on the run from the monsters at their heels, and just enough humor provided by the fan favorite, Tripp.

Like usual I am obsessed with your books. I read this one in less than 2 days. I've read all of these books and I have to say I love how different events enter link in all of your series. I hope this isn't the end of the Talbot saga. 10 books seem like a lot but I feel you have more story to tell. Spoiler!!!!!! Like what happens with Payne, Knox. What brought all the ships. Do they make it to the destination. So many things are left unknown it's nerve racking.

I like all 10 in this series and enjoy the humor, the zombies, etc. but.....where is the next one? Too many unanswered questions in this latest installment and then the author goes off and writes a bunch of other series (Lycan Fallout, Whisperers, etc.) but leaves us hanging with this one - what

happens in the 100 years between the 10th Zombie Fallout and the Lycan series. What happens to Tracy, Justin, Travis, etc. Did you get tired of the Zombie series Mr. Tufo?

This was the best one yet! I love the humor in this book, there is only so much seriousness one can take! The banter between BY and Michael is always there but the humor in Michael's outlook and dealings with people and zombies is fantastic. The fact that Denaux was back in the fold was surprising but held my interest wondering when she was going to turn on them. I hope there is another of these books as they are fun to read!
