Customer Reviews

This book is very indepth. It covers all the jewish holidays as well as variations of them. There are pictures and diagrams and a ton of information from a historical context to a modern application of these holidays. While vary informative.. it's somewhat textbook like in its wording. There isn't a flow of thought concerning the deep seeded meaning or emotions involved with these celebrations. And while it is a good resource, it's isn't as user friendly for actually using in the recreating of these events.

Good book with lots of information. I am not Jewish but wanted to know more about the Jewish customs as I am a follower of a man who was Jewish. I would recommend this book for anyone who would like some clarity on Jewish holidays.

I am converting soon. Wanted to learn about the holidays. For a newcomer it is a bit confusing because of the Hebrew dates given. Very informative on what happens on each holiday, but have a Hebrew calendar handy to follow along.

Truly enjoy this book. Excellent resource.

I've only just started reading this book thoroughly but so far I am finding it very useful. My only complaint is that it could use a bit more information up front to tie everything together for non-Jews or Jews by choice, like me. So much of this information is new to me that's it's a bit of a challenge to figure out where it fits in the grand scheme of things.

Excellent, met my expectations and more, timely shipping, will do business with these folks again.

Yes, very informative.

I use this with the rabbi under whom I am studying for purposes of converting. We both think it is excellent.
