This book is incredibly gorgeous. Every pattern is so amazing and well written. The book is packed with amazing colorwork and brilliant photography. Each design is highlighted so that the stitch pattern is well illustrated. For colorwork novices, Alexandra explains colorwork so that even a beginner could follow the instructions. This is an amazing book and a must-have collection for your crochet bookshelf.

Modern Tapestry Crochet presents twenty projects featuring out-of-this-world tapestry crochet designs. Geometric motifs and easy instructions combined with gorgeous photography and plenty of diagrams make for crochet heaven! In the Techniques section, Alessandra shows us an easy trick to prevent 'floats' and make the back of the fabric look so much better! The step-by-step instructions are clear and give us the confidence we need to venture into the modern tapestry crochet journey she outlines for us. Alessandra expertly chooses the perfect motif and palette for each project creating unique, fresh, and stylish accessories which are sure to become our favorite items. This is a must-have book in every crocheter's library. I am certainly glad I got my copy.

As an avid crocheter, I love trying new techniques. This is a beautiful book with inspiring pictures, precise and concise instructions, easy to follow charts, and a wide variety of designs. The author does a beautiful job of detailing the techniques used in a very simple way so you can make any of the included patterns without worry. I have made the Happy Trails Headband and love the result. I plan on making many more since they are unique, have lots of options for making it in the colors you want, and work up quickly. I highly recommend this book!
