Customer Reviews

I like it. It is black and white, no color pics. It has the same songs as Level 1A. So it's redundant, tho these songs have Christian lyrics. It also has some theory pages and extra solo pieces. If I would have known, I would have never bought Level 1A. This one has it all. I took a photo of the same song in each book. I hate Halloween so I was glad to see the "A Good Day" version.

We have sampled a number of piano and music curricula and have been very pleased with these books. I am able to play basic piano and other instruments and this approach makes sense to me. The progression is set at a reasonable pace with colorful pleasant illustrations and uplifting songs. My learner was able to begin immediately and could sing along as he began playing. I like that they offer a Christian music focus option to their other general music course.

I use this piano book to start my new students that I teach. I love how the theory pages are

integrated into the book- it's easy to learn and review each skill! The pictures are cute and the songs are great for beginners. Children will recognize a few of the well-known tunes and enjoy playing "real songs". I like that many of the songs have lyrics about Bible stories or Bible truths. Overall, this is a perfect beginning piano book for children 5-8!

Requested by piano teacher.

I love Alfred's and am extremely impressed with their ability to cater to the religious community. This book is good preparation for learning traditional hymns and chorals. There isn't much theory, which is disappointing because theory is very important. So, 4 stars because there could have been more substance to the method.

Just what the music teacher recommended and he's enjoying the whole learning process.

This book is in black and white

Good lesson book for young beginning pianists.
