Synopsis

Learn the essence of this ancient art in 88 pages and 55 cards. Do dreamers have square fingertips or pointed ones? What does the fork at the end of a head line mean? Where is the Jupiter line? Our beautifully-illustrated "flash cards" help you remember each characteristic. Included in the kit is an illustrated 88-page book with easy-to-follow instructions. Book and cards are conveniently palm-sized to tuck into a backpack, purse, or briefcase for the fortune-teller on the go.

Book Information

Paperback: 88 pages

Publisher: Running Press (March 14, 2006)

Language: English

ISBN-10: 0762426837

ISBN-13: 978-0762426836

Product Dimensions: 2 x 3 x 4 inches

Shipping Weight: 6.4 ounces

Average Customer Review: 3.4 out of 5 stars 8 customer reviews

Customer Reviews

Dennis Fairchild is a co-author of Fortune-Telling: A New Guide to Palm Reading and the Tarot as well as our Palm Reading and Tarot Miniature Editions (TM). For many years, he hosted the prime time "Ask the Astrologer" talk radio show in his home state of Michigan.

Meh, this item is just okay. I already owned the hardcover version of this set (no cards). After finding the miniature tarot kit with nice cards, I thought I'd get this matching set to go with it. I thought the cards would show a particular line and a bit of info on what it means. Instead they are more like flash cards, naming the line with an illustration of the line (or other palm feature) without any corresponding information. I don't think they are very useful, and I find the hardcover miniature book better quality than the paperback in this set; the cards are unecessary.

This "kit" is just a little book with some picture cards. There are other books out there that have much more information, along with the pictures.This is good to keep in a pocket or purse for general

information.

It’s kinda hard to read because of the somewhat small print, but does it’s job. It’s small and convenient so if you need it on the go it’ll be perfect.

Ok

ok

I ordered this book as a present for my daughter. I have personally used this book myself & know it to be a very clear/basic book for a beginner. However the book arrived severely bent. With a crease that cannot be corrected. Disappointing.

My daughter loves these...

Covers all the basics. This does not get to detailed into meanings and the definitions of the lines. Points out which lines are what and also your personality type by the shape of finger nails/hands. Great way to start.
