Training The Best Dog Ever: A 5-Week Program Using The Power Of Positive Reinforcement

Synopsis

Training the Best Dog Ever, originally published in hardcover as The Love That Dog Training Program, is a book based on love and kindness. It features a program of positive reinforcement and no-fail techniques that author Dawn Sylvia-Stasiewicz used to train the White House dog, Bo Obama, and each of Senator Ted Kennedy's dogs, among countless others. Training the Best Dog Ever relies on trust and treats, not choke collars; on bonding, not leash-yanking or reprimanding. The five-week training program takes only 10 to 20 minutes of practice a day and works both for puppies and for adult dogs that need to be trained out of bad habits. Illustrated with step-by-step photographs, the book covers hand-feeding; crate and potty training; and basic cues "sit, stay, come here" as well as more complex goals, such as bite inhibition and water safety. It shows how to avoid or correct typical behavior problems, including jumping, barking, and leash-pulling. Plus: how to make your dog comfortable in the world "a dog that knows how to behave in a vet's office, is at ease around strangers, and more. In other words, the best dog ever.

Sylvia-Stasiewicz trained Bo Obama and each of Senator Ted Kennedy's Portuguese Water Dogs. She was a professional dog trainer for more than 20 years, ran the popular Merit Puppy dog training classes, and trained and boarded animals for the Washington elite.

Very good read! Bought this and Cesar's book. This one wins hands down! I referred to it every day while training our dalmatian and lab. Cesar's was more stories, this one told me what to work on and how to do it!

I read this book before I got my Shiba Inu puppy. He was 8 weeks old when I got him and immediately started using the techniques from the book. After 4 weeks he has "sit", "down", "stay" perfectly, and walks on a leash with reasonable ease. And he seems to understand what we are doing with this training thing. I couldn't be happier.

Lot of great tips on how to train your dog. Easy reading and a good structure to get started with your new family member. Just remember patience is key.

Nice book. I will pass it around to friends.

already had great dog.love principles of training,easy to read,must read for any new dog owner,training with love..

Really works! You just have to put in the work. Easy to follow instructions and down to the point. My dog learned a lot from the exercises and I did too. Positive training is effective and probably the best method of training

lots of good tips

A bit wordy. The book could be shorter in length and just focus on puppy training basics. But, my Puppies for Dummies book a better read for simplistic puppy training for the common person.
