Customer Reviews

My kids actually think I'm cool reading the jokes to them. I really love this book and the added bonus

Puppets. I highly recommend this book! Great way to bond and interact with kids. I received this a copy of this book in exchange for an unbiased review. Opinions stated are 100% mine.<http://www.mommyonrecess.com>

It is nice to see a joke book that are easy to read for my kids to learn. I read them a few and they were rolling on the floor laughing! Now they are saying they can't wait to go to school to tell some of the jokes to their friends and teachers! I can not wait to read the rest of the books. Oh and the puppet was adorable. My 5 yr old son claimed it for himself.

The kids at my preschool loved these jokes. It was a perfect addition to our ocean week theme. There are even some jokes for older kids (that understand a little more about fish). It was super cute.

My toddler and I read through these jokes at snacktime. I think these are better suited for children a bit older (6-10 year olds?)... many of these were above my three year old's comprehension. That being said, I picked out a number of jokes that I thought he might "get" and he did enjoy those. The "crambulance" (crab + ambulance) joke was his favorite. A few minutes after we were done with the joke book, he did want me to read more.
