It's True (Little Critter Inspired Kids)

Synopsis

Join Little Critter[®] as he learns why it's important to tell the whole truth and not just a part of it. Since 1975, Mercer Mayer has been writing and illustrating stories about a little ball of fur named Little Critter and the antics he stumbles into while growing up. Thomas Nelson is thrilled to bring this beloved brand to the Christian market with the launch of Inspired Kids, a new line of faith-based books featuring Little Critter. Little Critter thinks that sometimes it's easier to tell a part of the truth instead of the whole truth. In this second book in the Inspired Kids line, Little Critter learns quickly that lying has consequences and that telling the truth, no matter how hard, is always the right thing to do.

MERCER MAYER is the writer and illustrator for Little Monster[™] and Little Critter[™] books. He began writing and illustrating children's books in 1966 and since that time, he has published over 300 titles. Mayer currently lives in New England with his wife Gina, who co-wrote many of the popular Little Critter[™] books. He has four children and two grandchildren.

I didn't like this format of having to click on the pictures to make them bigger (I am using a Kindle Fire). I prefer the little critter stories that are \$3.40ish.... those are "regular" little critter books and it reads like a book with normal pictures. The concept of telling the truth was great, although I didn't like the part of critter running away. I don't want my kids thinking that is even an option.

My kids love these books. I read them to my 2 year old and 7 year old nearly everyday. Enjoyable for both ages. When I ask them to select a book for me to read, they usually select this one. It's also easy enough for my 7 year old to read.

I love little critter books since I was a child and love reading them to my children. Great messages!

I purchased this for my 3 1/2 yr old granddaughter. It's a great book but geared more for a 5 and up age group. I have less than 5 stars because I don't care for the reference to running away. Kids are too impressionable.

great book alot of words

My son's been having a hard time telling the truth lately in order to avoid doing things he doesn't want to. I.e. - brushing his teeth, finishing his food, taking a bath. This Critters book has helped us give him some idea of why it is important to tell the truth.

Kudos for teaching about integrity and how to make the situation "right", even if it is hard and not the popular choice.

loved. teachable moments
