## Customer Reviews

Excellent information! The paint recipes were spot on! Things that I've been trying to figure out on my own for 2 years, I found the solutions in this little book! It has more helpful info than most regular long, drawn out books.

As advertised and quick service.

This book helped me gain a greater understanding. Gathering the supplies eased the task. Superb list added relaxation factor. I enjoyed the ideas of preparing the palette. The viewfinder put the whole canvas in a better focus. I found painting the horizon was more satisfactory. The described values of broken color was very helpful. Shadows are very important aspect in landscape oil painting. Thank you for a very informative book. Overall Refreshing !

Jeremiah Jolliff does a great job at make a difficult task seem easy. I loved the break down of the mixture of colors for the sky, fields, trees etc. He had a lot of great tips that only a true veteran artist would think to share. This is a quick easy read that any inspiring landscape artist could use to help them get started. I can't wait to paint some mountainous landscape!

If I had paid by paypal, I would have asked for a refund.

Easy read with good humor and great tips that I wouldn't have thought of. I'm excited to try and do a landscape painting now, it seems much more achievable after reading this.

I purchased this book and RETURNED IT IMMEDIATELY!!!! Don't waste your money. You won't learn anything unless you want to paint exactly like the author, using his boring choice of colors with the most uninspired little sketch ever. You'd be better off just playing with paint and drawing on your own.

Very good read., I tried some of his methods and was very pleased.If you are,new to painting, this is a must read.
