Exactly as advertised, speedy delivery, great price, excellent warranty an absolutely wonderful item
Thing received, very good oh, like very much, very good seller. the evaluation is good also, the
owner is very careful, also sent the gift to me. These are adorable! Love them! Very timely delivery
and great product. The product is really good and working well as described.

A typical Dover reprint of public domain material, but in this case well done. Original drawings from
the Le plus bel album du monde pur les industries de luxe published in Paris at the height of the Art
Deco period. These are the design drawings, not pictures of the finished pieces. There is a brief
publishers note, but no other commentary to put the designs in perspective. A good resource for
crafts inspirations, but not a book of patterns or designs. Since these are drawings it is not always
apparent what the finished piece, if it was ever created, would look like, but perhaps that is all to the
better as an inspirational source. I am confused by Dover's restrictive copyright since the material is
public domain, but if you are interested in copying the designs for your own projects you should
have no problem. Overall a fine example of the art deco sensibility expressed in jewelry.
