Customer Reviews

I just recently got this book and have only colored a little but I can already tell I'm going to be using this a lot! I love coloring my stress away and the pictures and swear words are so unique and funny. I love the fact she created them herself it really adds a personal touch and since she is one of my favorite youtubers it makes me love it even more. I really hope she comes out with more because I'm definitely going to be filling this one up fast!

I knew this coloring book would be a lot of fun, but I'm really impressed with the quality, nice paper and binding. I bought 2 copies for gifts, my only regret is not getting one for me!
