Sarah's Scribbles 2017-2018 16-Month Weekly/Monthly Planner: Get It Together! With Sarah's Scribbles

Synopsis

Whoever said adulting is hard was probably reading Sarah Andersen's cartoons. Or maybe it WAS Sarah Andersen. Whatever, Sarah's Scribbles knowingly documents the real-world anxieties, concerns, and insecurities of young modern life. The struggle between getting up and staying in bed, the feeling that you're the only one who doesn't have it together, and giving that favorite sweater a sniff to decide whether you can get one...more...wearing out of it before washing it, the comic hits all the big issues that come with being a grown up. Whether you feel like one or not. Take a giant leap toward organization (and adulthood) with this amazing planner. The Sarah's Scribbles 2017-2018 16-Month Weekly/Monthly Planner: Get It Together! with Sarah's Scribbles is spiral-bound and has monthly grids and weekly planning pages with space for lots of important things like appointments, to-dos, and fun social stuff. The sturdy cover is flocke, and there's a pocket and sheet of stickers inside.

This is very cute! I love all of the illustrations and comics. It's a good size and I like the layout on the pages with different spaces for appointments, to-do items, etc. The only thing I don't like about it is the cover. I really wish it looked more like a planner and less like book-like. However, I'm happy with it, especially for the price.

Yay so cute and perfect! Can't wait to start this planner on Monday. It has great space, stickers and lots of sections for other notes. I'm also excited to see more Sarah comics as I go. Hopefully the

allure of the comics and cuteness will motivate me to use a planner more.

Adorable, as expected. It was a gift for my daughter, who is also named Sarah. These cartoon as so her, its like you KNOW her. or you ARE her. Spot on.

I agree with the other reviewers: more stickers!!! Aside from that I love the material and colors and distribution of the pages! It's not heavy although I'm afraid you'll need to be careful not to rip it if you want to carry it in your bag daily

SO COLORFUL. GOOD BUY

Love it!!

It was a toss up between this planner and ValfrÃ©'s planner but I ended up purchasing this one. When I recieved the book (purchased Aug. 7, arrived in mailbox Aug. 11 with Prime), it was a bit dusty and smashed during shipping but its not too noticable. At 7.5"x 9", its just the right size to fit on small desks and fit in my backpack. Its the biggest planner that I've owned thus far. I usually buy smaller ones like my former Mint Green planner, which is about 4"x 6", and could fit into my smaller bags. This paper back isn't outrageously thick either. But if you're like me who likes to leave little memorabilia papers and press flowers inside, it will expand. The printing is well done, there are plenty of segments, it consists of glossy pages (I recommend not using pens or stamps that bleed excessively), comes with a sheet of stickers, a folder connected to the back cover to hold things, and plenty of space to write in. I'm in college and can't wait to use this for my classes/personal life/work but I believe this planner would be great for anyone who just wants to get it together. (;

I love Sarah's comics, so I was thrilled to support her work and purchase a planner (though really, everything I do is now documented on my phone's calendar). HOWEVER, upon flipping through a few pages of the planner, I noticed some of the pages were stuck together. I tried my best to pull them apart gently, but I've now ripped 4 pages of my brand new planner. :(I also echo other reviewers' sentiments: more stickers please!
