## **Customer Reviews**

Very up-to-date, with not only language phrases, but also cultural information. This is a keeper and small enough to take on a trip to Swahili speaking countries.

This book has helped me in countless situations living abroad. It's the perfect tool to have with you while being immersed in a different culture, and it's completely pocketable. I work in East Africa and rarely leave this at home when I walk out the door. The book not only has an extensive dictionary, but also includes key phrases and explains cultural customs briefly, as well as some slang thrown in to. Great traveling companion!

This is an awesome phrase book that allowed me to be prepared from the time I arrived in my hotel with not only greetings, but customs and inside tips that bonded me to the people of Tanzania. One of the best things I did to prepare for my trip. A fantastic, easy to use book.

We used this as a guide while traveling in Tanzania, and I was really surprised how accurate it proved to be. I especially like that it's so small, it fit in my small purse to carry with us. I would really recommend this. Knowing even just a little bit of the local language when traveling can really take

you far.

working in the Congo very helpful

Very well done book. It helped me a lot. It's very easy to use. I thought that it would be long to search for things in a book as opposed to the Internet. However, this was actually better than any website I've looked at.

I use it in the classroom with toddlers to introduce the language. Some of the phrases and listings in the book differ from other Swahili books.

Book was exactly as described. Gave it as a gift for someone moving to Kenya. Will have to check in with them to see how helpful. If I was going to Kenya I would probably buy.
