Show Time: A Sequel To Stake Night

Synopsis

Show Time is the sequel to Stake Night, and I recommend that you read Stake Night first to become familiar with the characters. Show Time begins immediately after the dramatic finale of the World Championship Saddlebred Show held in Louisville, KY, and describes a single year in the glamorous and competitive world of amateur riders and five-gaited show horses. In this story, the amateur riders and their families struggle to find high quality horses they can afford, possess the manners that make them suitable for the Amateur division, and that they have enough skill to ride. The trainers are challenged to prepare the horses and riders so they are a winning combination, walking the thin line between salving egos and providing instruction, while also guarding against other trainers stealing lucrative clients. The central character is Jennifer, a young trainer who broke her leg during the early sessions of the previous year's World Championship after winning the Open qualifying class with Toreador, a difficult but talented five-gaited show horse. Her assistant then shocked the industry when he showed Toreador in the Championship in an ill-fitting suit hurriedly purchased off the rack that morning. As Jennifer attempts to transition Toreador to the Amateur division, she must figure out how much to tame him to be successful with his demanding new rider.

Customer Reviews

Love the crew, the horses, the excitement, feel like your part of this wild ride. The terms and the expert vernacular give credibility and nice training tips. Makes the book enjoyable to the novice or the pro. Can't wait for the 3rd book in this truly delightful series...Please make it much longer and release it tomorrow.

The second book is as good as the first! I enjoyed it, every page! The double thrill was watching the Kentucky State Fair Saddlebred World Champion horse show at the same time. Richfield Video Archive, on You Tube has the reruns. Makes the book even more fun to read. I have horse show experience and Susan Archer's character development is Spot On! I love how she also develops the horses and their care into the plot. Very detailed, very accurate. Exciting, a page turner for sure! I am looking forward to the third in this series. A wonderful look into a highly complicated horse show environment. Thank you Susan for giving us the opportunity to share and remember!

Continues an exciting story about gained saddlebags. The author's descriptive narrative brings back all the memories I have of a time in my life where I felt the thrill of showing. Truly enjoyed both of her books.

Susan has a fabulous series off to a super start! Realistic characters and situations (with some fictional lucense, of course). Looking forward to book 3!

Fabulous book I wasn't ready for the ending. I hope there's a third book. As a saddlebred owner and competitor I just love this book!!!

This was a wonderful continuation of the first story. I thoroughly enjoyed reading more about these characters and meeting new ones.

Wonderful sequel to the first book. Please write another so we can see how everything continues to play out. Great look into the Saddlebred world.

So excited about this booking being from the Saddlebred world. Recommending to everyone. I can't wait for the 3rd book now. I don't believe you need to be in the Saddlebred world to understand. Loved!!!
