Don't Wake Up The Bear!

Synopsis

It's a cold, snowy night, and a big, soft bear sleeps soundly in his cave. A small hare wanders by, and since his ears are so cold, he snuggles up in the bear's cozy den. Before long, a fox comes along with the same idea. "You may come in," says the hare, "but don't wake up the bear!" As the night wears on, the nest of sleeping animals expands until a mouse with a cold curls up right in the bear's ear-and wakes him up with a loud sneeze! Warm, playful illustrations and a repeating refrain make this bedtime book perfect for year-round reading.

Customer Reviews

Some of our young grandchildren absolutely adore this book. They would not dream of waking that bear! On the other hand, some of them were scared at the thought that the bear was going to wake up and hurt the little animals. So keep that in mind when purchasing this story. If your children tend to be the fearful type, you may want to stick to "Ten Apples Up on Top".

I loved reading this along with the grandkids. Whispered through it to not wake the bear !

Cute book!

Purchased for my grandchildren. Wonderful book.

4 year old grandchild loves this book. Storyline fun and simple

Very cute and animated read. Great night night story. Kept my three year old engaged the entire time... Made her sleepy too.

My 4-year-old gets a kick out of this book and all the creatures crawling in to sleep with the bear. Look out though, you are bound to get whispers and sneezes in your ear after you read it with a little one. Recommended.

Nice and simple text for the pre-k set. Good for recalling and teaching counting. Also good for winter or bears themes.
