Really like this. Now I can find chapters quickly. Mounting the tabs can be tricky, but I found that if I pulled off the protective paper strips and laid it down on the page after the page I wanted to tab, then slowly the page I wanted to tab, then I got great results. If you have a catholic bible, then this set has all the tabs you need. Do wish it had some blank tabs so you could tab a page (like glossary). See pics

As a beginner to Bible study, these tabs came in handy. Made is so convenient to flip to the different books in the Bible. The tabs are pretty easy to use and come with instructions and a template. I love the elegance of the gold. I would recommend buying them.

These very elegant tabs take awhile to attach but they come with a guide that makes it easy to place the tabs correctly. You can't go wrong. It will make you the fastest verse-finder in bible class!

these tabs are great! look beautiful but you have to really take your time to measure and stick them on correctly. a lot of patience! haha my old testament looks lovely but my new testament was a little off on measuring but thats my fault because i was kind of over it.. took me about 20 minutes in total but it is worth it!

These are great, but like the instructions indicate, it will take about 1 plus hrs to put these in. Pay closed attention and work slow when doing this project. This was a great buy !

Excellent product. We ordered 3 of them for the 3 bibles in our home. I did all of them, the process was very easy. But just to be sure i watch a tutorial video online because it was my first time. I had fun doing it.

These tabs are an excellent investment. I fact, I purchased this item for a relative based on a set that I received personally a few years back. The large print is easy on the eyes. I would definitely recommend them especially for avid or novice bible readers.

It had a few printed out wrong!
