# A Dragon's Guide To The Care And Feeding Of Humans

## **Synopsis**

Fans of How to Train Your Dragon will love this whimsical tale, the first in a series, by a Newbery Honor winner, featuring pet "training tips" in each chapter. Crusty dragon Miss Drake has a new pet human, precocious Winnie. Oddly enough, Winnie seems to think Miss Drake is her pet - a ridiculous notion! Unknown to most of its inhabitants, the City by the Bay is home to many mysterious and fantastic creatures, hidden beneath the parks, among the clouds, and even in plain sight. And Winnie wants to draw every new creature she encounters: the good, the bad, and the ugly. But Winnie's sketchbook is not what it seems. Somehow, her sketchlings have been set loose on the city streets! It will take Winnie and Miss Drake's combined efforts to put an end to the mayhem - before it's too late.

## **Customer Reviews**

Cute book for younger kids, especially if they adore stories about dragons. Not much depth, but that's ok. Everyone deserves to have a light, fluffy read with only a tiny little lesson put in.

From my 8 year old....boring and dull. From me as mom....she is an advanced reader and read this in about two days. There were "weird" words in this book and it was a struggle for her to finish because it didn't hold her attention.

This charming book is a good choice for children who are still a little young for Harry Potter but want to read fantasy. It is really enchanting.

This is a story about a girl who inherits a dragon but the dragon considers the girl a pet. A magical incident bonds Winnie and the dragon. Winnie demonstrates bravery that Miss Drake, the dragon, didn't expect. It is 2017 Florida Sunshine State Reader book for grades 3-5.

I really liked the dragon in this story. She was so interesting I would put her in the category of characters that I want to meet.

An adventure story which is amusing enough. What makes this book special is that it's narrated by the dragon. She is quite the curmudgeon until her new pet human intrudes on her solitude. I have always wondered what dragons think about us. Now I know. I'm anxiously awaiting the next book in this series.

I read this aloud to my 4 kids. The older girls, 10 & 8 loved it. I loved the twists in the story and the unexpected point of view perspective from Mrs Draco.

I loved how the book went on and events would happen. My favorite character was Miss Drake. She was a good friend to Winnie.
