Customer Reviews

My husband loves my breakfast and now I have so many new ideas! The Red Flannel Hash and Red Eye Gravy are a huge hit! I swear by the Scrumptious French Toast, because I have been making it, like this, for years!! No pictures, but this is expected, with this company. Thank you for the recipes!!! Added not: After reading the other review, I went through all of my Gooseberry Patch cookbooks, and I have no problems with any of them. I own several 25 sampler books, as well as, several full length cookbooks. I had no problems with opening them and reading them all the way through. Thanks!!

Gooseberry Patch books are always fabulous and full of yummy recipes. This book is no different.

Glad to have it in my collections, you probably would too. ;)

It is a cute but small book of recipes. The recipes sound great and appear to be easy to prepare too!

Every recipe I have tried so far has been great. Gooseberry Patch published another winner.

Great ideas and it was free!

I thought this would have more recipes in it. It is basically an advertisement for the larger book, so you are paying twice for it

So easy! Teaching my Great-niece how to cook and we started with some of these recipes! BONUS - they turned out great and everyone loved them!! Gave her the confidence to keep learning!!

another great recipe book...thank you
