Pictures are nice but the quality is poor. The holes at the top and bottom for inserting pins are kind of small and one has to remove them from the wall every time to turn the pages. If you try to turn the

pages with the pins in, the holes simply tear. To top it all, the price has gone up for a product such as this...

Great Calendar thank you.

Pretty pictures, educational information about the awe-inspiring pictures, moon phases, holidays, room for writing. Everything you need in a calendar.

Lovely pictures that capture your interest and make you want to see and know more.

I bought this for my father and he loves the vivid photos.

Awesome pictures!

Wonderful!
