Soap Making: Guide For Beginners With Simple Organic Recipes Of How To Make Soap Step By Step

Synopsis

As someone who is passionate about life and is also creative, I am always looking for new ways to make my life more beautiful and healthier. That being said, a few years ago, I've stumbled upon a handmade soap recipe and decided to give it a try. At first, the process of soap making seemed so confusing to me, but with time and practice, I learned how to do it the best way. Now, you must be thinking: "Why would I waste time on making soap bars when I can just go to the store and buy them"? Well, of course, you can, but do you really want to? Stop for a second and think about all the ingredients that a manufacturer puts into the soap bar. Do you know which ingredients they use? That's how I thought: you have no idea of how harmful that soap may be to your skin. So, tell me, would not be much smarter to buy all of the ingredients and invest some time in making your very own soap? If you are anything like me, then you take care of your skin and the way you treat it. Handmade soap bars are great for cleaning and hydrating your skin. Add to that your favorite color or scent and you turned a bath time into a sensational ritual. The best part of making homemade soap bars is that you get to choose what ingredients you will put in the mixture. This is especially great if you have a sensitive skin since you can add the ingredients that will soothe it and make it softer. One more thing I love about soap making is fun. Once you learn how to make soap bars, you will have so much fun every time you want to make soap bars, because possibilities are endless. Soap making will be as creative and fun as you are, so don't be afraid to set free your creativity and embrace fresh ideas. Speaking of which, in this e-book, I want to share 50 great homemade soap recipes, so as to boost your creativity. Thanks to these recipes, you will forget about commercial soap bars once and for all. After reading this book, you will: Know basic ingredients; Get perfect soaps; Know 50 best soap recipes. We use soap every day. Who is ordinary, who is thin, but, of course, children like to use a beautiful soap. And you can make such a beautiful soap at home, with your own hands. In addition, this is a wonderful gift for friends and relatives. The book is written simply because the beginner will be very clear.

I am delighted. This book contains stunning recipes for preparing soap at home. Recipes are simple, and you can actually cook something that you and your family will enjoy. I advise, you will like this book.

Easy to make and result is really unexpected. The huge advantage is that you can chose any additional flavors you want and create your unique soap.

I think it's genius! I never thought about doing my own soap. At least now I can personalize it and make sure it contains only the most natural ingredients. I just had a bit of struggle doing the math (how much oil is 30%?). Other than that, it was easy to follow. I liked how it looks nice in the pictures. I almost nailed it. Ha!

My wife has long wanted to learn how to make soap with her own hands and this book contains many interesting recipes. She also liked this book because it has a lot of pictures for each recipe ..

Simple and easy read I think. Expected more but okay for beginners who want to start making soap!
Thank you
