Customer Reviews

Matt Christopher is the best selling name behind more than 100 sports-themed books for young readers.

Good book wish there was years 2009-2015 in jeff Gordon carrier and life. Good job telling about his carrier
Awesome

Great read for Nascar fans

This was a gift to a young child who enjoys racing. I did not get any comments back so I can only rate it as okay. If I would ever get feedback I will change the rating.

My son read this book for his school biography project. It was perfect for his age and the pictures added interest.

Because I love this book and I like seeing Jeff Gordon to win more races he is a great briver

It was a gift for a boy age 12 who is really into racing, and loved it!

Jeff Gordon is one of the lucky ones who found his passion at an early age - took to it & never looked back. From BMX bicycles to 2.85-horsepower midgets to go-carts to open sprint cars with 650-horsepower engines pushing these little cars beyond 140 miles per hour, Jeff Gordon ate it all up & kept racing & winning. With black & white photographs, graphs of statistics, Career Highlights, technical data about all sorts of auto-racing & short, engaging histories of the various forms of auto-racing, the rest of the book, as they say, is history. By the age of 21 he had become NASCAR's Rookie of the Year, breaking records, driving safely, losing some & winning most. A plainly written autobiography of one of today's great drivers & heroes.
