Every weekend my husband and I keep our granddaughter and at night before bed we read a story and go over any questions she has about what we read. This book is an excellent way to introduce your little one to our risen Lord and Savior!

The handle attached to this bible is very sturdy and makes it easy for our toddler to carry on her own. Helps build confidence in their independent stage, and they feel like big kids! Bible stories are nice, and a suitable length for the age group. Very colorful picture pages!

Perfect for my 18 month old! The board book structure is durable for this age, where they love to

turn the pages but don't yet grasp the concept of being "gentle" on the paper. She loves the pictures, the stories are short enough and varied to keep her interest, and I appreciate that creative liberties were not taken in summarizing the Biblical narratives. Handle is super cute, too... My child loves to tote hers around. Wonderful first "Bible"!

We bought this as a baptism gift for a three year old boy. Beautiful pictures and well-written for toddlers. Nice, sturdy book that a toddler can handle themselves without destroying it.

Like the contents, don't like the quality of the how the book was made... the spine broken so easily.

Great quality!

My two year old loves this book! She can go through and tell you the stories. One of the favorite things about this book is the pictures. Our kids love to go through and tell us everything they see on each page. Great book to teach a toddler some of the main stories of the bible. Love it!

Nice introduction to pique kids curiosity.
