# National Geographic Readers: Hop, Bunny!: Explore The Forest

## Synopsis

The National Geographic Readers series has expanded beyond elementary school levels to reach children at the very beginning of their lifelong relationship with reading. *À À Hop, Bunny!* uses simple vocabulary and fun pictures to capture the interest and help develop the skills of beginning readers. The cuteness, humor, and fun information make this new reading experience a treat.

## Customer Reviews

SUSAN B. NEUMAN is a professor and Chair of Teaching and Learning in the Steinhardt School of Culture, Education, and Human Development at New York University specializing in early literacy development. Previously, she served on the faculty of the University of Michigan and before that as the U.S. Assistant Secretary for Elementary and Secondary Education. In her role as Assistant Secretary, she established the Early Reading First program, developed the Early Childhood Educator Professional Development Program, and was responsible for all the activities in Title 1 of the Elementary and Secondary Act. She has served on the IARA Board of Directors (2001-2003) and is currently the editor of *Reading Research Quarterly*. She has written more than 100 articles and authored and edited 11 books, including the *Handbook of Early Literacy Research Volumes 1-3*

with David Dickenson, *Changing the Odds for Children at Risk* (Teachers College Press, 2009), *Educating the Other America* (Brookes, 2008), *Giving Our Children a Fighting Chance: Poverty, Literacy, and the Development of Information Capital* (Teachers College Press, 2012), and *All About Words: Improving Children's Vocabulary in the Age of Common Core Standards*, preK through Grade 2.

This appears to be a book about sloths in the Rainforest. It's not. It's about the Rain forest and a sloth makes a single appearance.

My kindergartners LOVE the National Geographic Readers and even though this particular title is more for pre-readers, we just had to read it for the week leading up to Easter.

Great information in an easy to read format. Got it for my granddaughter because she wants to get a bunny.

Wasn't aware this was a pre-reader age mg for kids. Didn't much care as I wanted the pics which are lovely as National Geographic usually are. Delivered quickly. No damage or issues at all.

Awesome little book.

Great photographs! True National Geographic quality! My grandson loved it!

My students enjoyed learning about bunnies. It was easy for them to read and comprehend. I would recommend this book.

Love these National Geographic Readers. I'm a reading teacher.
