PreS-K
A family of three has big news: "Little Miss will be a big sis!" Described in staccato but rhythmic rhyming text and accompanied by jaunty cartoon line and wash illustrations on every page, this story will resonate with many readers. Life for Little Miss gets more interesting (and maybe more tiring) as the baby grows out of the "Sleep./Fuss./Eat./Repeat" phase to "Funny faces./Warm embraces./Giggly chases." Through it all, Little Miss is learning how to be a much-loved big sister. VERDICT An engaging tale with vivacious, expressive illustrations and lively language.

We received this as a gift for my daughter as she was going to become a big sister. She loves the book. It's simple with easy to remember rhymes. We decided to buy it to gift to our friends' daughter who is also going to be a big sister. It has great illustrations as well. My 4 year old daughter already knows the book pretty much verbatim. We also have 2 other Big Sister books that we bought and this is by far our favorite one. Highly recommended.

Such a cute book for my almost 4-year old big-sister-to-be. We purchased this to tell our daughter she was going to be a big sister. Pictures are nice, the story is not too lengthy(just right), it shows a nice realistic relationship between a little girl and their new baby sibling. I highly recommend this book !

We have read this book so many times !!! It's the best book ever . The illustrations are adorable and the reading is so much fun !! Never get tired of this book , for now it's our favorite because every page starts a conversation . It's confirming how smart , knowledgeable and wonderful she is and how lucky baby brother will be to have her in his life. This book makes her feel special and important. After all now she knows that even though little brother will be cute and getting attention , he really can't do anything . He has a boring life and needs her to teach him everything !! She is Little Miss Big Sis.

We borrowed this book from the library and really enjoyed it. It is a nice story that begins before baby is born and ending with a friendship between siblings. Simple wording lead with pictures. When a little friend of ours was due to become a big sister, it made the perfect gift!

Love this book. It's rhythmic & rhymes, and it's all about how this 'little miss' will become a helpful big sis. Bought it for my niece & I then bought it for my daughter too, now that she's expecting a sibling. She's almost 2.5 years old & loves this book. We read it multiple times per day & every night before bed. She has the entire thing memorized!

We love this book. When I first read it, I was pregnant and it made me cry. It was such a great gift for our daughter when our son was born. I like that the siblings have a larger age difference and that it is an older sister and younger brother (but could also be a gender neutral younger sibling).

My daughter is going to be a big sister soon! She loves to recite the lines from this book. It is our favorite big sister book.

Lovely book! Made a huge hit with our granddaughter who is so helpful with her little siblings and cousins. We added little photos of her doing things with them on the end pages to enjoy and make her feel even more appreciated in the nice things she does.
