Customer Reviews

This is a must have for those who like to make their own laundry supplies, I had made some a long time again, and lost the correct recipe, this book had the old stand by plus many other alternative solutions.... who know you could wash clothes in a washer with salt and baking soda! I love the recipes in this book, it even has dry soap you could make and give as a gift!

Some of the are very similar to what I am currently using, with a wonderful mix of new recipes that I can try. It is always nice to have options. Directions are clear and well written.

was good says about same as all others for recipes.... some variations in the recipes

try it, you will like it

Best info on the internet. So many uses
