nice book

I love this book. I not oly read music, I also do chord interpretations so it was good to have both.

Good book, "simple" guitar is a bad word to use - but I think that the book contains a good mix of songs for varying guitar playing capabilities. Some songs "Desperately" is fairly complicated for my abilities, but other songs in this book have easy cords. So I'll be keeping this book for awhile since it will continue to challenge me.

Fewer songs than I expected and no real hits.

Easy to follow tabs for some of George's best songs.

I love his songs and this book happens to include my favorites! I would recommend to friends!

Awesome!

Complete and easy to use.
