Customer Reviews

This giant book is a wonderful collection of contemporary monumental public sculpture images by notable artists from around the world. It would enhance the value of any coffee table, and would make a suburb gift for any art enthusiast. A nice feature of the publication is that it does not limit itself to one particular geographical region or style. It is a true cross-section of some of the world's most important and interesting modern public sculpture. It is not the cheapest, but at almost 500 quality color pages, it is nevertheless a good value.
