Customer Reviews

Rhonda Lauret Parkinson is a freelance writer, chef, and author of The Everything(r) Chinese Cookbook. She has been the Chinese Cuisine Guide at About.com since 1998. She resides in Calgary, Alberta, Canada.

This is a really fun book! There are a lot of ideas as to just what you can do with that fondue pot that you have in the cupboard. You will definitely not be left with only cheese or chocolate options (though there are plenty of both included in here). I really liked the layout - it is a pretty approachable book and you don't feel like every option in the book will either (a) take hours of prep or (b) break the bank (which is not always the case with these things). The recipes do make a pretty large amount of food, but it is not too hard to adjust quantities if you feel that there would be too much for you. If you are looking for a lot of super fancy type recipes then you may feel that the book does not have enough for you - but we really liked it.

This cookbook has pretty much any kind of fondue I would want to make. It's small and has good pictures and detailed recipes. I got this, and a fondue pot at the same time. I had never had one before. I don't use it as often as I thought I would, but I have made cheese, and chocolate fondue for small get-togethers and both were really yummy. I've enjoyed it so far. I'll update if I make something else from the cookbook.

Great resource for beginning Fondue-ers. My husband and I have recently begun to fondue on weekends as a way to spend more quality time with the family. Our three boys (ages 11, 21, and 23) love to do this with us as well. We've all got our favorite recipes so far, but are always willing to try new ones.

This arrived on time and with no problems. This book was in really good shape. I don't use it tho. I was really wanting more 'broth' like recipes for cooking meat and veggies in. I wasn't happy with the recipes it does have for those foods. Not really what I was looking for. But if you are wanting more than I do this would be a good book.

I purchased this book along with a fondue pot. The book really does teach you everything you need to know about fondue. It even explains the difference between the different fondue pots. The recipes are easy to follow along to, even for the rookie fondue maker.

Lots of easy & great recipes for any type of fondue party. Used quite a few and they turned out great. Also helps with planning a fondue party. Its a lot of prep & work but so fun! The Toblerone Fondue is to die for!!

A very fun book we bought to go along with our fondue set we bought at Bed Bath & Beyond. Has everything from sauces to dips for all kinds of meat, and also the fun dessert fondues!
