"Intimate, fun, and full of tasty offerings, readers will adopt many of these recipes and make their own family memories." (Publishers Weekly, April 2012) "Perfectly captures the lifestyle of America's most exclusive resort | combines tips and advice on the classic style, plus delicious recipes that offer a glimpse into the life of a well-loved family." (Essential Kitchen, Bathroom, Bedroom Magazine, July 2012)

I had heard that this was a pretty good cook book and I decided to order it. To my surprise, it is

going to be one of my favorites! The easy recipes, the stories and the pictures are all so nice. The recipes call for everyday items that you would have in your kitchen or could easily pick up. There are over 125 recipes in this colorful, picture-filled book and I can not wait to make them all. This would also make an excellent gift for a cook of any level, an east coast enthusiast, or a person who enjoys the nautical life.

We all love the Lauren family but this book was a bit disappointing. I was expecting more... More photographs depicting the Lauren lifestyle. To all you Ralph lovers like myself, this book is worth purchasing but don't expect to love it the way you did the RRL cookbook.

This book is so interesting and even though I was always impressed with the Ralph Lauren story, I am blown away by them now. The book gives you a insight into the life and style they have created with fab photos and recipes as well. It is one of my favorite books and I have hundreds so that is saying lots. It is a great coffee table book as well. I highly recommend.

This was a big generous cookbook and story by Ricky Lauren. The recipes are delicious. The book shows you the rich and famous like food we do too. Very happy with this book, in excellent condition and enjoy each recipes.

Fun to view pictures and recipes, and a light read. Nice to find out things about the Lauren's that I did not expect or know about them. Great family, great recipes, and interesting facts about the Hamptons.

Great book. Excellent photography. Perfect for coffee tables.

This book is great and the picture beautiful.

I just love this book. I have it on my family room coffee table and all mt friends have enjoyed looking at it . I tried the chocolate ice cream sandwiches with my grandsons, and my oldest said they were the best cookies he's ever had! I will continue to try more recipes and enjoy this beautiful book. Great insights into the different areas of the Hamptons.
